WSSC awarded state funding in Capital Outlay Budget

LANSING – West Shore Community College would receive \$3.6 million to construct a new student learning center under the Joint Capital Outlay budget approved Wednesday by the Senate Appropriations Committee, announced Sen. Gerald Van Woerkom, R-Norton Shores.

“This is exciting news for West Shore Community College,” Van Woerkom said. “The new library and new technological resources will be wonderful for Mason County and the students who use them.”

The college will spend a total of \$7.2 million, including the \$3.6 million in state funds, to build a Student Learning Center, which would bring all student services under one roof, including a new library and new facilities for counseling, advising, tutoring and testing.

The Capital Outlay budget now goes before the full Senate for a vote and will then head to the House of Representatives for consideration.
